Distri-Count

Unique Label Counter, counting precise from the 1st label and presenting the requested number of labels on tear-off bar. With a softkey control panel and large display, the Distri-Count will present you the requested number of labels or count your label roll before restocking it.

DISTRI-COUNT LABEL-COUNTER

- ✓ Softkey control panel and large display for easy entering required quantity of labels
- ✓ Easy Paper Loading with integrated measurement of the label size. Closing the cover after media loading starts the calibration process
- ✓ High-end sensor with adjustable positioning for reliable counting of regular and special shaped labels.
- ✓ Dancer Arm keeps the media well tensioned for accurate and reliable detection and counting
- ✓ In count mode, the Distri-Count will feed and count the entire label roll. Perfect solution to update your inventory before restocking the label roll.
- ✓ Optional integrated rewinder and base plate for perfect alignment. Comes with integrated Power Supply for both devices.
- ✓ Optional battery pack for creating mobile counting stations

APPLICATIONS

The Distri-Count is designed with the Pharmaceutical market in mind. To comply with Falsified Medicine Directives all over the world, the Distri-Count can be of great value for:

- tamper evident sealing
- unidose serialisation
- serialisation of secondary and tertiary packaging

Other applications and markets include:

- transportation, logistics and inventory management
- high-value product identification (eg electronics)
- healthcare
- retail
